

Alcoa To Close 2 Lines

Cutback To Start Saturday Morning; 250 Affected

Aluminum Company of America announced today it would shut down two of six potlines at the Rockdale Works starting 12:01 a.m. Saturday.

Officials said the cutback would affect 250 employees.

R. R. Sugg, Rockdale Works manager told The Herald that "existing high inventories of aluminum, coupled with currently reduced demand prompted the decision to cut back."

He pointed out that production in idle facilities can be resumed quickly when the predicted upturn in business becomes apparent.

Officials at Industrial Generating, supplier of power to the huge 1,200-employee Alcoa plant, declined to comment on the effect the Alcoa layoff would have.

An Alcoa spokesman was quick to point out that four-line production after Saturday will be at the same level established at the plant in 1954.

The plant went into six potline production in 1956. It began first production of aluminum in 1952, grew to first the four-line operation and then the six-line set-up, officials said.

Alcoa plants at Point Comfort, Texas Alcoa, Tenn., and in Washington state have all cut back production, the spokesman said.

The Tennessee plant already has cut three lines and both Washington Alcoa plants have dropped production in two potlines. The Point Comfort plant, operating four lines, has cut back to three lines.

Two More Candidates File For Offices

Two more candidates have committed for county public office this week.

Hinton Pruett, incumbent county superintendent of schools, has announced his candidacy for re-election while Wayne Wieser, present secretary of the City of Cameron, has filed for county clerk.

Homer Nabours, incumbent county clerk, formally announced for re-election this week.

Police Still Seek Shooting Suspect

Police are still searching for Willie McCormick, about 46, Cameron Negro, suspect in the shooting death of Ollie Benjamin Milton January 29, Police Chief Maynard Byers said Wednesday.

Milton, 28, Cameron, was dead on arrival at St. Edwards Hospital following the shooting at 1507 West Eighth. Milton was shot with a 22 rifle.

Voting Slated April 5 For School Board

Three members of the school board of the Cameron Independent School District will be determined in balloting April 5, Wiley W. Loughmiller, school superintendent has announced.

Filing deadline for the board seats is midnight March 6, Loughmiller added. Candidates must file in writing with Max Howard, school board secretary, at Burkes-Howard Company before the deadline, Loughmiller said.

Three members will be elected in the April election to fill the expired terms of Howard, Earl Curtis, and H. B. Pressley. Pressley is current president of the

School Election Set For Milam Districts, Official Announces

Election of school trustees in all county common and independent school districts will be held Saturday, April 5, according to Hinton Pruett, county superintendent.

Petitions or requests to place a candidate's name on school trustee ballots must be filed with the county judge at least 30 days prior to the election, Pruett said. March 6 is last day for filing for trustee ballots.

Provisions will be made for absentee voting, he pointed out.

Petitions for candidates may be filed in independent districts with the school board secretary. In common and rural school districts, requests for placing names on ballots should be filed with the county judge.

Stokes Will Speak

To Baptist Youth At Sweetheart Banquet

Young people at the First Baptist Church and their guests will hear Dr. George Stokes, head of the Speech and Radio department of Baylor University, this evening at their "Romance of the Stars" Sweetheart Banquet starting at 7:30 p.m. in the education building.

Stokes, well known after-dinner speaker, was former choir director of Seventh and James Baptist Church in Waco.

Also on the program are Joyce Smalley, Margaret Young and master of ceremonies, Allen Dodson. Mrs. J. H. Angell is in charge of food and the married young people of the church will act as hosts.

Romance Surrounds Valentine Legend

Saint Valentine's Day is based on a centuries-old celebration symbolic of lovers, love, and friendship to people all over the world.

Many colorful and romantic myths surround the origin of St. Valentine's Day. Originally February 14 was the feast day of eight different Christian martyrs named Valentine, and in the medieval church, services were held on that day in memory of their martyrdom, thus the name St. Valentine's Day.

However, the custom of giving gifts or sending valentines has nothing to do with the martyrs. For on February 14, it also happened that a springtime festival was kept by the Romans, and it is from this old festival that the giving of gifts originated. In time the gifts came to be known as valentines.

One of the most romantic legends associated with the holiday is based on the story that a young Roman priest who had refused to disavow Christianity was beheaded on February 14 during the reign of Claudius. The young priest signed a farewell message to the jailer's blind daughter "From Your Valentine."

Roman legend tells us that Cupid was the son of Venus, Goddess of Love, and Mars, God of War. He had been captivating young lovers for more than 2,000 years before the first Valentine.

And so the stories go.

Today gift-giving is still traditional. Gifts range from flowers, perfume, and candies to greeting cards, both sentimental and humorous. Shut-ins, hospital patients, friends, relatives and sweethearts cherish the memory of not being forgotten on this day.

Secrest to Speak

Farm Bureau Will Observe Anniversary

Jarrard Secrest, state senator representing Milam, Bell, and McLellan counties, will be principal speaker at the program preceding the Milam County Farm Bureau Barbecue Thursday, February 20, according to Mrs. Lenora Bickett, Bureau secretary.

The 10th Anniversary celebration will be held at Simon-George Hall.

Program time is 10 a.m. O. G. Tumlinson, Bureau president, will be master of ceremonies. Secrest will speak about 11 a.m., Mrs. Bickett said.

Barbecue will begin at 12 noon. Tickets have been sold this week at the farm bureau office and will be on sale at the door.

During the afternoon two pigs will be given away, Mrs. Bickett said.

Boys and girls, ages 9-20 whose parents or guardian are members of the Farm Bureau may be eligible. The pigs will be presented about 3 p.m. barbecue day, Mrs. Bickett added.

The public as well as Farm

City Leaders Plan Scouting Program Growth In County

Civic leaders from eight communities in this area are to meet Monday as the first step in organizing more Cub Packs, Boy Scout Troops and Explorer Units for the Scouts' Texas District, according to Bert Kennedy, district scout executive.

The district is made up of Falls and Milam Counties.

The meeting, a "Together Dinner," will be held at the Cameron Country Club at 7 p.m. Representatives of local institutions in Marlin, Cameron, Rockdale, Lott, Rosebud, Ben Arnold, Llano and Gause are expected to attend.

Dinner chairman R. R. Sugg of Rockdale said the "Together" program is designed to provide every boy in the two-county area the chance to become a Scout through drawing more institutions into Scouting as sponsors.

He said that of some 2,585 Scout-aged boys in the district, only 612 are presently enrolled in Scouting. February 7 to 13 is Boy Scout week.

The dinner is to feature a Boy Scout speaker to explain "Why Scouting's Fun." District Scout leaders will also discuss the steps in organizing Scout units, and individual groups will discuss how to organize the units.

There are over 1,200,000 adult leaders in scouting today, Kennedy said.

When a boy joins a troop at his church, synagogue, school, or other community institution he becomes a member of a patrol. It is here he gets a lesson in democracy as he shares in the patrol planning, elects a patrol leader, and learns to live with his fellow patrol members as brother Scouts, Kennedy said.

The program of Boy Scouting keeps a boy busy learning such skills as first aid, signaling, cooking, and camping while imparting many traits of good citizenship, added Kennedy.

Episcopal Women Set Chili Supper

Women of All Saints Episcopal Church plan a Shrove Tuesday Chili Supper February 18 at the Episcopal Parish House.

Mrs. George Bowman, president of the Episcopal Women's Auxiliary, announced that chili will be served from 5 until 8 p.m.

Mrs. Bowman added "Shrove Tuesday, the day before Ash Wednesday, has been celebrated since medieval days as a time of 'farewell to flesh' in preparation for a good lent."

Tickets may be obtained from members of the Episcopal church or Mrs. A. L. Raymond at Schiller Pharmacy. They will also be available at the door.

Arrangements were handled by Marek-Burns Funeral Home.

License Sales Open At Milam Courthouse

Reserved license plate numbers 675 through 800 are ready for car owners to pick up, county tax assessor Valter White said Wednesday.

White added that reserved license plates with higher numbers will be ready sometime during March. Deadline for car registration is by April 1.

Registration of motor vehicles for this year opened February 3, White said. Registration is being handled by the County Tax Assessor's office in the courthouse.

The 1958 tags are black with white numerals, the opposite of the 1957 tags.

White pointed out that registration fees are 10 per cent higher this year than in 1957. The state legislature increased the fees last summer to raise money to buy highway right-of-way, White said.

Motor vehicle owners must present the certificate of title and last year's registration receipt when purchasing the new car tags, White said.

Houston, Duncum, Griffith, Weems In Council Race

Six candidates have filed for mayor and two city commission posts to be voted on April 1 Wayne Wieser, city secretary, has announced.

Filing for city council Place 1 are incumbent Roy Griffith and Robert Weems. Weems is currently completing a two-year term as mayor.

For Place 2 Sam Houston and Coleman Duncum have filed. This will be Houston's second race for a council post and Duncum's first, Wieser said.

Mayor candidates to date are O. B. Harden and Bassell Wilson. Harden is a former councilman having served for two years, 1953-1955, and Wilson was a candidate for mayor in the 1956 race, Wieser said.

Filing deadline for candidates is March 2, Wieser said.

A candidate must be a qualified voter and tax payer of the city of Cameron, and have been a resident and property taxpayer for one year preceding the filing date, Wieser said.

Council Place 2 is currently held by Charles Brady.

City poll taxes paid this year number 926, a jump over 1956's 804 poll taxes paid, Wieser said. More poll taxes were paid in the city as a result of the interest in the April municipal elections, Wieser said. The number however, was lower than first expected for this year, he added.

Electric Clothes Dryer

REDDY SAYS:
 This month most appliance dealers have a special offer for you on an electric clothes dryer. Check with your favorite dealer and see how economical it is to own and operate your own electric dryer.

Take your Valentine out of the backyard. Free her from that outdated clothes line! Give her a modern electric dryer for her laundry. She'll love you more for it, because it takes all the drudgery out of drying clothes. And, no matter what the weather, your electric dryer makes clothes fluffy and sunshine fresh. And, clothes last longer, too.

The Chamber Year . . .

The Cameron Chamber of Commerce is entering the busiest period of the Chamber year.

This week the Fat Stock show is scheduled while Chamber members are planning sponsorship of entries in the Poultry contest which is held later this spring.

Also on the Chamber schedule is the annual Chamber banquet February 24. New directors have been named and 1958-59 officers will be announced at the banquet.

All these activities highlight the completion of one Chamber year and the beginning of another. It provides a point at which we may set sights on new goals.

A banquet speaker recently said that communities need not go beyond their own boundaries to start growth. If we can discover the undeveloped fields of endeavor within our own communities and trade areas, we can turn unproductive fields into production, using our own resources and abilities.

There are several projects in our own city which Chamber members and the whole population alike could develop. We could all name ones like a farmer's market, a street improvement program, improved residential street lighting, paint-up, clean-up campaign and others.

We believe the major job of the Chamber is not necessarily one of completing all these projects. But it is an agency which should engender interest in all civic projects and civic growth. Our potential should be developed from within, not developed from without.

An active community has a story to tell, a story that interests industry and promotes agricultural growth as well.

A busy Chamber assembles the facts and inculcates the interest and drive to carry development by private or public enterprise to successful completion.

Satellite's Ascension Pulls
Sage's Shoulder From Wheel

Dear editor:

I don't know about you, but I'm certainly glad we got that satellite up and maybe now we can stop some of this talk about everybody putting his shoulder to the wheel. Understand, I was willing to put my shoulder to the wheel, if that was the way to conquer space, but frankly Washington never did convince me the way to help this country launch a satellite was for me to get on my tractor and work longer hours. I ain't a scientist, but I never could see the connection.

Also, I never was really worried. Impatient, maybe, but not worried. I figured a satellite was easy enough to produce a self-defrosting refrigerator, a machine gun that could fire through the propellers of an airplane, a hydrogen bomb, an electric razor, a tubeless tire and an atomic submarine, could figure out how to launch a satellite.

The fact Russia got ahead of us only emphasizes my contention that scientific secrets, like the secret of the bicycle, can't be held exclusively very long by any one country.

But now that we've got that satellite going around the earth, I would like to point out that there are still other problems, and if man thinks the only way to be happy is to get out in that drafty, sun-blistered and sub-zero void called space, he's in for a let-down. I figure a man can be just as miserable gliding through space as he can fighting traffic on a highway, just as he can be happy sitting on his own farm.

LIQUID OR TABLETS
GIVES "SUPER" RELIEF
FROM ALL THOSE MISERIES
OF "HARD-TO-STOP" COLDS

I read just the other day where airplanes have become so smooth you can't feel the motion, it's as if you were sitting at home in an easy chair while you travel aloft above the clouds, but my contention is that that sure is going to a lot of trouble to get what I've had for years... the pleasures of sitting still in a chair, without near the gasoline consumption.

At any rate, now that Explorer's circling the globe on schedule, I'd appreciate it if you'd find out from our Congressman if it's all right for me to go on with my loafing and fishing with a clear conscience. Can I take my shoulder off the wheel now? After all, it was just resting there anyway. I actually wasn't heaving.

Yours faithfully,
J. A.

Capitol Report

Squabbles Start On Precinct Level: Daniel

By Vern Sanford
Texas Press Association
AUSTIN—One of the hottest topics at next July's precinct conventions likely will be whether such conventions should be held any more.

Gov. Price Daniel has suggested abolishing the precinct conventions. His premise is that much of the infighting that afflicts the Democratic Party in Texas originates in these neighbor-against-neighbor squabbles. He proposed instead the electing of delegates (one per precinct) to the county conventions by direct vote at the primary.

Governor Daniel pointed out that the conventions sometimes are controlled by a minority group within the area. Many more people, generally, vote in the primaries than bother to come back to the voting place a second time in one day for the precinct conventions.

Electing delegates by direct vote, contended the governor, would do away with "rump conventions" and contests over which precinct delegation is entitled to seats at the county conventions.

Governor Daniel's recommendation, made at the State Democratic Executive Committee meeting, campaign. DOT (Democrats of Texas) is a liberal group, openly came as a surprise counter-offensive to the DOT's "code of ethics" backing the governor for control of party affairs. Spearhead of its drive is the "code of ethics" proposal designed, according to its sponsors, to eliminate much of the fighting and give everyone a fair shake at conventions.

DOT members were immediately critical of the no-precinct convention plan. It would eliminate the only chance every citizen has to get up and speak his piece. But the governor had an answer for that too. He suggested that the new law provide that any qualified party member could propose a resolution at his county convention.

Both the governor's and the DOT's suggestions are to be studied by the SDEC. Governor Daniel said if his plan meets with approval within the party, he will submit it to the Legislature next year.

Tax Facts

Texans paid \$2,600,000,000 or one-fourth total income, in state, federal and local taxes in 1956.

In a fact-packed report (its first), Texas State Tax Study Commission traces the history of Texas' taxing patterns from 1932 to 1956. Next in an expected series of about 10 reports will compare Texas taxes with other states. Findings are to be presented to the Legislature in 1959 to serve as background for revenue-wrestling.

At present, says the report, Texas Taxes are derived 45 per cent from property; 22 per cent, sales; 16 per cent, severance; 17 per cent, all other sources. Basic pattern has not been changed since 1941, but all categories except the property tax have increased at least 10 per cent since 1950.

No Prices For Specs

No mention of price can be seen in an advertisement for eyeglasses until the State Supreme Courts clears up questions about the new optometry law.

High court turned down the request of an optical company to

suspend the temporary injunction against price advertising until the test case is heard on March 5.

Rival groups of optometrists are at odds as to what kind of advertising should be permitted. One group contends the law passed last spring clearly prohibits certain types of solicitation. Another agrees with the Nov. 18 Attorney General's opinion that the law is unconstitutional because improperly drawn.

Contests Questioned

Texas merchants who like to conduct contests or drawings as business builders, were set back, temporarily, by an opinion handed down by the Attorney General's department. Based on the state's laws governing lotteries, the opinion, at first glance, seemed to rule out any type of drawing for prizes.

However, Assistant Attorney General Cecil C. Rotsch, who wrote the opinion, says that the ruling does not change, in any way, the law as it always has been interpreted in Texas. He merely cited earlier court opinions, Rotsch pointed out. And his recent opinion does not alter what always has been considered the accepted procedure in connection with drawings or contests.

Gentler Slide For Texas

In a year of predicted recession, the dip in Texas business will be less noticeable than for the nation generally.

This prediction is made by the University Bureau of Business Research on the basis of figures for past recessions. In 1948-49 national figures dropped 19 per cent; Texas, 6 per cent. In 1953-54 the national drop was 11 per cent; Texas, 8 per cent.

Expanding industries and a growing population were noted by the Bureau in explaining Texas' favorable position. A period of even greater activity was foreseen for the 1960's.

Today's Text: God that made the world and all things therein, seeing that he is Lord of heaven and earth, dwelleth not in temples made with hands. — Verse 24

Dear Father, help me, also, to be a disturber for Jesus' sake, turning lives toward the true light of the world.

The LIMITED...

There's a tingle of excitement in that word *limited* as long as we're describing a train.
But if we were speaking of the boy—describing the effect which spiritual neglect has on the development of the character of a child—that's a different matter! There's nothing thrilling about a soul that has been *limited* in its opportunity for religious expression and growth!
The churches of our community are here to give **ALL** our children religious training . . . to help **ALL** our families foster a spiritual atmosphere in their homes.
As we make use weekly of the opportunities our churches provide, the potential Christian growth of the child, the family and the Nation becomes **UNLIMITED**.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

DREYER'S METAL WORKS—Henry Dreyer, owner of Dreyer's Sheet Metal Works, 104 E. Main St., displays some of his craftsmanship at his Cameron shop. A master metalsmith with almost 40 years experience, Dreyer stands be-

side one of his cisterns, some metal flues and a Ruth-Berry water pump. Dreyer assures his customers of excellent workmanship on his metal products and satisfaction with merchandise sold at his shop.

Dreyer Backs Sheet Metal Work With Experience, Guarantees

Nearly 40 years of metalsmith know how assure customers at Henry Dreyer's Sheet Metal Works, 104 E. Main St., of quality workmanship on all their sheet metal products.

A metalsmith since 1919, Dreyer personally attends to the sheet metal construction and contracting. And he stands behind every job he does for workmanship and performance.

"Our customers find our prices as fair as any in Central Texas," Dreyer says. "We have absorbed increases in metal costs rather than raise our prices to customers in recent years."

The variety of work done at Dreyer's includes construction of cisterns and flues and contract work on house gutters, pipe fittings, roofing and any other job that involves sheet metal work.

Any Size Job

"We will do any kind of work in sheet metal short of steel buildings," Dreyer says. "And it

does not matter what size the job. We promise the same quality work on any type work."

Dreyer's business includes the sale of famous Ruth-Berry Water Pumps, Air-Vent Aluminum Awnings, Duro-Plastic Aluminum repair kits and Dille & McGuire Lawn Mowers.

Dreyer says these items are the best in their fields for practicality and performance.

His shop has drive-in facilities for convenient loading and unloading of tanks and equipment.

Dreyer trucks are available from 8 a.m. until 6 p.m. every day including Saturdays for delivery of finished metal work to the customer's home or business. A call to 552 will bring Dreyer to the customer for a quick estimate on a metal job or delivery of finished work.

"Our specialty is ventilator flues, stock tanks and cisterns like the one in the picture," Dreyer points out.

Dreyer has lived in Milam County and Cameron since 1917 when he first worked for R. L. Baite, Sr., on a repair crew. Then he entered the army that year and served with the 90th Division in France. He returned to Cameron in 1919 to become a metalsmith.

Started In 1932
In 1932 he started his own sheet metal shop in the building opposite the Cameron Postoffice now occupied by Esslinger Grocery. Then he moved his shop to 100 W. Main and to his present location.

Mr. and Mrs. Dreyer reside at 703 E. Seventh St. She works at the shop during the day, taking calls and working on the books, Dreyer says.

"We believe our years of experience in sheet metal work plus our policy of fair price, careful workmanship and guarantee enable us to give Milam County customers the best sheet metal repair and construction," Dreyer says.

"Next time you need some sheet metal work done, call Henry," Dreyer emphasizes. "We can do the job."

Name Brands

**Cameron Auto
Has Complete

Bearings by Timpken, Hyatt and New Departure.

And other parts brands include carburetors and pumps by Carter, a complete line of Auto-Lite and Standard ignition parts and Hastings, Perfect Circle, McQuay-Norris and Ramco piston rings.

"Our customers can depend on auto parts such as Gates fan belts we stock for all cars, trucks and power equipment," Dodson emphasizes. "And they will find a complete line of McQuay-Norris replacement parts."

Factory Dealers

"We are factory service dealers for Briggs & Stratton, Clinton, Lawn Boy and Power Products two and four-cycle engines," Dodson continues. "All these are recognized for quality and performance in the auto business."

Cameron Auto maintains stocks of replacement parts for all these engines, he says.

In the auto accessories field, Dodson points out, we have Shaler, Resilone and Cassite brands. In fact, we have tire tools, gas cans, funnels or anything you might need, he continues.

"And we have a good repair department to provide our customers with quick, efficient service," he says.

"We believe that Cameron Auto Supply Co. can meet any requirements in the auto parts field. We can give honest, dependable service because we know our business," Dodson concludes.

Ceremony Unites Wallace, Angell

Baskets of large white mums and greenery formed the background for the wedding of Miss Joyce Wallace to Clifford Angell at 4 p.m. Sunday in the First Baptist Church.

The bride is the daughter of Mrs. Esther Wallace and the groom's parents are Mr. and Mrs. V. L. Angell.

The Rev. A. F. Russell officiated at the ceremony, Mrs. Francis Cox was organist. The soloist, Wayne Fisher of Waco, presented the selections "Because" and "The Lord's Prayer."

Gown Of Lace And Satin

Given in marriage by her mother, the bride wore a gown fashioned of lace and satin. The full skirt was formed with tiers of lace and tulle over satin. A fitted bodice of lace featured a bateau neckline and tapered sleeves.

Her veil of illusion was caught by a pearl tiara.

Miss Ann Wimberly of El Campo was maid of honor and bridesmaids were Mrs. Charles Richards, Waco and Miss Thelma Gilbert, Houston.

Attendants Wear Red Gowns

Attendants princess style dresses were fashioned of red chiffon velvet. They carried cascade bouquets of small white mums.

John Duncan of Waco served as best man. Groomsmen were Clyde Wallace and Bob Balhorn. Bentley Hause and Ernest Dodd were ushers.

Deborah Boedeker, the miniature bride, wore a dress of lace and tulle fashioned as the bride's. David Boedeker was the miniature groom.

A reception in the education building of the church immediately followed the ceremony.

Cake Centers Table

The bride's table was covered with white net over satin and centered by a three tier cake topped with a miniature bride and groom.

Mrs. C. K. Tidwell of El Campo served the cake and Mrs. William R. Adams of College Station poured. Mrs. Leon Noack of Rockdale was in charge of the guest book.

Others in the houseparty were Misses Theodora Henderson, Mari- anne Jones, Linda Ethridge and Peggy Mann.

The bride's mother chose a two piece dress of powder blue for the wedding. Mrs. Angell was attired in a coffee-colored two piece dress.

For the short wedding trip the bride wore a grey suit with black accessories.

Yoe High Graduates

The bride is a graduate of Yoe High School and is presently employed at Citizens National Bank. Mr. Angell is a Yoe High School graduate and attended Wharton Junior College. He is presently engaged in farming and ranching.

The couple will be at home at 704 East 14th in Cameron.

Delphians Hear County Judge On Civilian Defense

Judge Charles C. Smith spoke to Delphian Club members and their guests last week on "Keeping Up With Our Civil Defense Program."

Smith spoke to the club on the need for an active civil defense program and showed three films to dramatize this need. He was introduced by program chairman, Mrs. J. C. Freeman.

Mrs. W. R. Newton, Sr., reviewed her study on "Is Our Military Defense Adequate?"

Following the program, refreshments were served from a table centered with an arrangement of red carnations and white phlox flanked by red hearts. Assisting in the service were Mrs. George Childress, Mrs. Alvin Roberts and Mrs. J. E. Flinn.

Sweet Sixteen Party Fetes Miss Fischer On 16th Birthday

A "Sweet Sixteen" birthday party honored Miss LaVelle Fischer Saturday at her home in Buck-holts.

Hostesses were the honorees mother, Mrs. Edwin Fischer, and her Aunt, Mrs. Ed O. Pagel.

Floral arrangements of narcissus and daffodils were placed throughout the party rooms. The refreshment table was covered with a linen cutwork cloth and held a three tiered birthday cake decorated with yellow and blue trim.

Misses Bernice Fischer, Beverly May, Evelyn Glaser and Carolyn Mikush led the party games.

Refreshments of dip triangles, cake and punch were served to the twenty-five guests.

Monthly Meeting For Homemakers

The First Baptist church Home-maker Sunday School class met February 4 in the Education Building at the church for their regular meeting and a covered dish luncheon.

Mrs. John Ryan, vice-president, presided during the business meeting in the absence of the club president, Mrs. S. M. Harrell.

The devotional was given by Mrs. Dan Gunn. Mrs. C. E. Curtis gave the closing prayer.

Ten members and two visitors, John Hause and Martha Pollard, enjoyed the covered dish luncheon and social hour following the meeting.

DAR's Hear Life Of George Washington

The life of George Washington was discussed by Mrs. D. E. Curry of Lott at the February meeting of the Sarah McCalla chapter, Daughters of the American Revolution.

The group met at the home of Mrs. James H. Kahler in Cameron.

The business session was conducted by Mrs. J. C. Freeman, regent. National defense talk was given by Mrs. Gilles McDermott.

A nominating committee composed of Mrs. McDermott, Miss Aetna Smith, and Mrs. Kahler was appointed to select officers for the coming year.

Next meeting of the group will be in Rockdale.

Mr. and Mrs. Ovin Weems of Jacksonville visited relatives and friends in Cameron this weekend. They were houseguests of his mother, Mrs. A. N. Weems.

MILAM COUNTY'S FARM SCENE

Moisture Necessary

County Agent Notes Fertilizer Methods

By J. D. Moore, County Agent
The Cameron Chamber of Commerce, contributing individuals, and county stock-minded people, are to be commended for their support of a local Junior livestock show for this area.

The selection, development and showing of these exhibits serves a definite purpose. The boys and girls participating, learn much more than is visible on the surface. First, it gives agricultural leaders an opportunity to help develop enthusiasm and interest in boys and girls. It teaches boys and girls an appreciation for better livestock. It teaches self-discipline and helps develop initiative so essential to the future success of youth.

If you will excuse the expression, "It gives our boys and girls an opportunity to learn how to work," not to mention the value of competition and fair play.

The public is invited to visit these exhibits and to get acquainted with a fine group of young people, their parents and adult leaders, who combine their efforts to assure this vicinity of a better future in agriculture.

Fertilizer Suggestions
Many questions come to our office concerning the use of fertilizer. Generally, the use of fertilizer will pay if used properly and if sufficient moisture is present.

During the past several years of dry weather, only partial success has resulted in the use of fertilizer. With an adequate amount of moisture present, farmers should see visible results from the use of fertilizer this year.

The recommended method of determining fertilizer needs is to have the soil tested. The Extension office has instructions for taking soil samples. A compiled set of soil test reports, accumulated over a period of ten years, show that practically all the soils in the

county need thirty pounds of nitrogen and 30 to 40 pounds of phosphorus per acre. Corn responds well to the above application. It will not pay to fertilize cotton unless good moisture is available during the fruiting season.

Researchers recommend a balanced fertilizer for watermelons and tomatoes—300 pounds of 5-10-5 or its equivalent.

Fertilizing Corn
Use 200 pounds of 16-20-0 or its equivalent before or at planting time. If plenty of moisture is available, additional nitrogen will pay when the corn is about knee high.

Maize crops do not respond to fertilizer as readily as corn but the same fertilizer recommendations for corn will add to maize yields if conditions are favorable.

Sweet potato yields have been higher and the quality of potatoes better when the proportion of 0-20-40 fertilizer per acre has been used.

Home gardens respond to a balanced fertilizer, such as 5-10-5, when it is applied at the rate of 1 to 2 pounds per 100 feet of row. The yield and quality of the vegetables will be increased.

Home lawns require a lot of nitrogen for an attractive lawn. Generally, a balanced fertilizer will take care of most deficiencies. Twenty-five pounds of 10-10-10 per 1000 square feet, applied in the spring just before growth starts, is advisable.

Helpful suggestions in the use of fertilizer are available at the local Extension office.

County Agent Says Soil Moisture Is Adequate, Normal

Farmers in Milam County, encouraged by last week's fair weather, have been plowing out fields to loosen up the tight, leather-like soil condition caused by recent continued rains, county agent J. D. Moore, reported this week.

Soil moisture is adequate and normal for this time of the year, and farmers were able to plow upland last week. Truck farmers were active during the week plowing and putting down fertilizer for the rapidly approaching truck crop season, Moore added.

Oats and clover for grazing in the county continue to be disappointing, Moore pointed out. Continued rains following the long drought caused the ashy dry soils to "run together preventing air penetration and retarding bacterial action in the soil," Moore said.

According to Moore 80 to 100 pounds of ammonium sulphate per acre would speed up small grain growth.

On the livestock scene, men report cattle conditions generally good. Prices are firm and markets are fairly active, sources say. Supplemental feeding continues.

Cattle Prices Up At Livestock Sale

Consignments numbered 340 at the Cameron Livestock Auction last week, according to livestock officials. Included were 334 cattle, five hogs and one sheep.

Prices were up fully fifty cents to one dollar over those paid the previous week, officials noted.

In strong demand were stocker steer and heifer calves and good quality cows and calves, officials said.

Sellers numbered 106 and buyers 50.

Grass Sodding Time

Soil Moisture, Sunshine Spurt Waterway Establishment Plans

With an abundance of available soil moisture and the promise of sunny days, Little River-San Gabriel Soil Conservation District cooperators are planning the establishment of waterways to a cover of Bermuda grass, according to Soil Conservation Service personnel of Bartlett.

Planned waterways once established to an adequate cover of grass will serve as collective outlets for terrace run-off water from future terrace systems.

Sodding operations should be delayed, SCS personnel state, until the soil has dried properly. Sodding too wet frequently results in severe soil compaction with poor stands of grass and lowered survival should dry weather follow.

Bermuda grass sodding is usually carried out through the use of chunks of Bermuda grass sod or root sprigs from which all of the soil has been removed. Each method has its own particular advantage.

The use of chunks of Bermuda grass sod means a greater initial per acre investment, a slower job of doing the actual sodding, but year in and year out, a more dependable stand of grass. Failures do occur, however.

Use of bermuda grass roots or sprigs from 20 to 30 cubic feet per acre, generally means a lower initial per acre cost, an easier, faster method of actual sodding

One Out Of Four Taxpayers Will Use Form 1040A

The easiest Federal income tax form to use in filing your 1957 return is the simplified 1040A. According to past performance, one out of four taxpayers will use it again this year.

To be eligible to use Form 1040A, there are certain requirements. A. P. Andrews, Administrative Officer of Internal Revenue Service, in Temple, reminds taxpayers that in order to use Form 1040A their total income must be less than \$5,000. This must consist entirely of wages subject to withholding... or of wages, dividends, and interest... providing not more than \$100 of such income came from a source outside that listed on the taxpayer's W-2 forms.

The short form makes no provision for itemized deductions. If you meet all the requirements and decide to use Form 1040A, Uncle Sam will figure your 1957 tax and send you either a bill or a refund. If you wish however, you may compute your own tax using Form 1040A and either remit balance due with the form, or indicate the amount of refund you have due.

Cotton Insect Control
L-218, "Texas Guide for Controlling Cotton Insects" (1958) and L-219, "Ways to Fight the Pink Bollworm in Texas are now available at the offices of local county agents or from the Agricultural Information Office, College Station. They were prepared by entomologists of the Texas Agricultural Extension Service.

Soil Conservation

Costal Bermuda Is Effective In Preventing Soil Erosion

Costal Bermuda is proving itself in Milam county as a pasture grass and also as an excellent grass to use where heavy concentrations of water may cause severe soil erosion.

Clyde Hensley and his son Charles, who farm in the Bel Mena community, have both used this grass in waterways and field diversions. They have found that it compares with common Bermuda for erosion control. It is more drought resistant, easier to establish and makes cover more quickly than Bermuda.

Clyde Hensley soddied two waterways to Costal in the spring of 1956. Although 1956 was a dry year, the grass made complete cover by fall. These waterways are ready for water now, so terraces will be constructed this spring.

Charles used Costal in the channel of a diversion terrace that was

lish and makes cover more quickly than Bermuda.

Clyde Hensley soddied two waterways to Costal in the spring of 1956. Although 1956 was a dry year, the grass made complete cover by fall. These waterways are ready for water now, so terraces will be constructed this spring.

Charles used Costal in the channel of a diversion terrace that was

subject to erosion. This was soddied in 1957 and made cover quickly. It carries water from about 20 acres, and the 1957 rains gave it a good test. The dense cover of Costal Bermuda slowed the flow of water and prevented all erosion.

Clyde and Charles Hensley have both planted a lot of Costal Bermuda. The sprigs are partly covered and packed firmly on a well prepared seedbed. The right kind of fertilizer is always used liberally. Although most of their plantings have been made in the spring, they believe that it can be successfully established at any time of the year if proper moisture is available and the right planting methods are used.

Frank Heugatters Visit Relatives In Milam County

By Mrs. Lena Russell

Mr. and Mrs. Frank Heugatter and family of Houston spent the weekend with her mother, Mrs. John McDonald and other relatives in Milam County.

Rev. James Gayle of Waco is ill with flu and was unable to fill his appointment here Sunday.

Mrs. Effie Smith is on the sick list with flu and Kenneth Griffin is confined to his home with pneumonia.

Mrs. Deloris Reisinger is visiting in the home of her son and daughter-in-law, Mr. and Mrs. Arthur Reisinger and daughter, Betty of Arlington.

Mrs. Jennie Barrett and Mrs. Sussie Matthews were Bell County visitors Thursday and Friday.

Family and Friends Will Enjoy Simple, Delicious Cherry Tarts

February, George Washington, and cherry tarts. The three are synonymous. And during February cherries are on the plentiful food list for the month.

Mrs. Oscar Pattillo, 903 E. 18th, has a favorite recipe for cherry tarts which she often prepares for her family and friends. The recipe is amazingly simple, says Mrs. Pattillo, and the results delicious, according to her friends.

Cherry Tarts

For the pastry shells, select your favorite pie pastry recipe and prepare according to directions. Roll on lightly floured board or pastry cloth to a one-eighth inch thickness. Cut in 3-inch circles. Lightly shape each circle over the cup of an inverted muffin tin. Prick pastry with fork. Bake in very hot

oven (450 degrees) 10 minutes or till the pastry is a golden brown. Cool and remove from tins.

For the cherry filling, Mrs. Pattillo uses one can of red cherries (water packed), one cup sugar, three-fourths of a cup cherry juice (juice from cherries and water to make this amount), three rounded teaspoons of flour, one teaspoon butter, and one-eighth teaspoon almond extract.

Combine one-half cup cherry juice with sugar in saucepan. Mix the remaining juice with the flour and add to sugar mixture. Cook slowly, stirring until thickened. Remove from flame, add butter and extract. Add drained cherries and mix well. Mrs. Pattillo believes that the almond extract is an excellent accent for the cherries.

Fill the pastry shells with the cherry filling and top with sweetened whipped cream.

Cooking is Mrs. Pattillo's hobby. A native Milam Countian, she is one who sticks by proven recipes and frequently prepares food professionally.

Mrs. Pattillo has two daughters, Mrs. Bonnell Depew of Cameron and Mrs. A. O. Jackson of Albuquerque, New Mexico.

Services Held Here For City Resident, Waldo Johnson, 66

Funeral services were held February 4 for Waldo E. Johnson, 66, at the Church of Christ, Cato Sheer officiating. Burial was in Oak Hill Cemetery.

Johnson died Sunday 10 p.m. in a Temple Hospital.

Born at Perry in Falls County he had lived in Cameron for the past 24 years. He owned and operated the Cameron Mattress Factory and was a carpenter contractor by trade. He was a veteran of World War I.

Survivors are his wife, one brother, Sam Johnson of Waco and a sister, Mrs. W. W. Dunbar of San Benito.

Shower Honors Bill Heugatters At United Church Of Christ Saturday

By Mrs. A. T. Swanzy

A miscellaneous shower was given at the United Church of Christ here last Saturday night in honor of Mr. and Mrs. Bill Heugatter. Mrs. Heugatter is the former Bernice Rohdy.

A large crowd attended the do-si-do held here at the school building. Music was furnished by Mr. and Mrs. Paul Meeks and games were led by LeRoy Massengale of Maysfield.

Mr. and Mrs. Spurlin Collins and Mr. and Mrs. Bill Collins and Kathy spent last Sunday at New Braunfels visiting relatives.

Grandma Jones is critically ill at the home of her daughter in Gatesville.

Gil Gilbreath accompanied Rev. Raymond Bailey to the Baptist Church here last Sunday. The two were guests of Mr. and Mrs. L. A. Swanzy. Rev. Bailey resigned as pastor of the church here and preached his last sermon at Ben

Arnold Sunday night.

Mr. and Mrs. Sonny Swanzy and family of Ben Arnold and Mr. and Mrs. Bill Sweet and Billy of Nordheim were Sunday guests of the Leland Burnetts at Jones Prairie.

Mrs. Nettie Buffington fell at her home last week and suffered an injured side.

Robert Buffington and John of Bryan were weekend guests of Mrs. Nettie Buffington and visited their grandmother, Mrs. Dan Scarborough at St. Edwards hospital.

Golden Anniversary

Mr. and Mrs. Adolph Kuhn celebrated their golden wedding anniversary last Sunday with open house. Many friends and relatives called during the afternoon.

Mr. and Mrs. Robert Lee Schuetz and Brenda of Temple visited relatives here Saturday.

Mr. and Mrs. Richard Heugatter and sons of Houston visited relatives here and at Rosebud last weekend.

Mr. and Mrs. Alec Henderson have returned from Dallas where Henderson went for medical treatment.

Mrs. D. Scarborough has returned to her home here after having spent two weeks in St. Edwards Hospital, suffering with flu.

Word has been received here that Mrs. Mollie (Bob) Murff is critically ill at her home in Texas City. Mrs. Murff is a sister of Mrs. Louis Murff of Ben Arnold.

Others who have been on the sick list are: Mary Jones, James Bailey, Ronnie Kalkbrenner.

TELEPHONE TALK

THE UNCHAINED GODDESS

Everybody talks about it . . . now's your chance to become an expert on it . . . this weather!

You can find out what makes it rain, how snow is formed, the contents of a hurricane and a tornado, see lightning, sleet, all kinds of weather.

It's all in "The Unchained Goddess" to be seen on television throughout the Cameron area on Wednesday, February 26, 6:30 p.m. over station KTBC-TV Channel 7.

This is the new Bell System Science Series television program that once again stars Fiction Writer (Richard Carlson) and Dr. Research (Dr. Frank Baxter) and a group of fictional animated characters.

Don't forget to tune in on Channel 7, station KTBC-TV, February 26, 6:30 p.m.

AT YOUR SERVICE

Some friends of mine are high in their praise of the telephone for its dependability in practically any kind of weather, day and night. They're happy with their telephone service and we're glad they are. But we're not content to rest on our laurels.

To improve their and your service, new ideas to improve telephone equipment are constantly tested by telephone scientists. New methods are continually put to work to help your calls go through easier and faster. Behind the scenes, experienced telephone employees work "around the clock" to give you the best in telephone service.

These three reasons, new ideas, new methods and experience, are why telephone service never stops improving, yet remains easy on the family budget.

OUT OF THE PAST

I was thumbing through some old magazines the other day and found some household hints that had been published during the war years. One column suggested using an egg-timer to limit your Long Distance calls to three minutes.

I started wondering if anyone is still using an egg-timer out of a force of habit. I hope not because you certainly don't need to.

Today, there are plenty of Long Distance lines. You can talk as long as you like and as often as you like. In fact, it's wiser to take your time on Long Distance calls and say everything you want to say. One six-minute call always costs less than two three-minute calls. The longer you talk, the less it costs on a per-minute basis. And, you save and additional one-third when you call station-to-station.

Call by number. It's twice as fast.

Servers of Austin Visit In Buckholts

By Mrs. J. W. Meyer

Mr. and Mrs. Rudolph Zedlitz have as guests her parents, Mr. and Mrs. E. M. Server of Austin. While here Server has been a patient at Newton Memorial Hospital in Cameron. Other guests in the Zedlitz home included her two sisters, Kathryn Server and Mrs. Alice Heard of Los Angeles, California, and their son and daughter-in-law, Mr. and Mrs. Louis Zedlitz of Austin.

Mrs. Sidney Cline and children of San Antonio have been guests of her parents, Mr. and Mrs. W. H. Ezzell and sister, Mr. and Mrs. C. R. Criswell.

Mr. and Mrs. J. W. Meyer's weekend guest was her sister, Miss Smithie Ritchie of Dallas.

Mechanized Production

Texas farmers are now using approximately 300,000 tractors and more than 2,500,000 allied farm implements in order to gain the advantages of efficient mechanized farm production. In addition to this investment, W. L. Ulich, extension agricultural engineer, says farmers of Texas spent about \$95,000,000 for petroleum products and \$75,000,000 for farm equipment repairs last year.

Keen Vision For Birds

We would see more if we had eyes like a bird's. A bird has two keen-vision patches in each eye rather than one circular retina as we do. One pair of keen-vision patches provides straight ahead vision, while the other gives side-ways vision. Thus a bird can look straight ahead, to the right, and to the left . . . seeing clearly in all directions.

Cameron Golfers

Plan Women's
May Tournament

The Women's Golf Association of the Cameron Country Club will sponsor their second annual tournament in Cameron May 13.

Representatives of 33 golf clubs are expected to participate, Mrs. Ray Lester, general chairman of the tournament announced.

Working with Mrs. Lester as co-chairmen are Mrs. E. Smith and Mrs. Dana Monroe.

Silver trophies will be presented again this year in the 18-hole tournament, Mrs. Lester said.

We hope to make the Cameron tournament one of the largest in Central Texas for women, Mrs. Lester added.

Buckholts Badgers

High scorer for the game at Milano was Elchier of Dime Box with 20 points. Jerry Kirk of Milano scored 18 points.

Dime Box girls scored over the Milano girls in the doubleheader game 55 to 42. High scorer was Janice Beavers of Milano with 18 points.

23rd Cameron Relays

Will Be March 22

The 23rd Annual Cameron Relays has been set for March 22, according to Director Jim Speer. About thirty central Texas schools are expected to participate in the relays, one of the oldest high school relays in Texas, Speer said.

Twenty-five schools have already accepted invitations.

Last year's relays included about 800 contestants representing approximately 40 schools. The relays will be conducted just as the State Interscholastic League Track meet in Austin, Speer said.

Cameron placed third in the district in 1957, and the complete team is back again this year, Speer said. The sprint relay team composed of Warren Rinn, Hubert Marek, Bobby Elliott, and Wayne Jekel placed second in district play in 1957.

Guests in the home of Mr. and Mrs. D. S. Wimberly over the weekend were Mr. and Mrs. George Drushel, Jr. and daughters, Judy and Marilyn Graham of Houston, Mr. and Mrs. C. K. Tidwell of El Campo and Miss Ann Wimberly, a student at WCJC, Wharton, Texas.

Announces For
Superintendent

TO THE VOTERS OF MILAM COUNTY:

This is the year to elect certain county and state officials. The office which I now hold as County Superintendent of Schools, is one to be filled in July for another term.

I have had the pleasure of serving the people of my native county in this office and would like to ask your permission to serve another term. It has indeed been a privilege to have served you in this capacity. Any success I may have achieved has been due, in a large part, to your faithful co-operation as parents, teachers, principals, superintendents and to my splendid office staff.

The financial statements which I had published in the county papers a few weeks ago, show each and every district under my supervision in the best financial condition in their history. All teachers are being paid 100 percent of their salaries each month and bills are being paid promptly on presentation. This has been accomplished by the schools receiving more money than ever before, coupled with wise and judicious spending at the local level. The local school boards have done a fine job of handling their money. Thanks to every schoolboard member in our schools.

There are some very drastic changes being proposed both in the local organization of our schools and in the county superintendent's office itself. Some of these changes may come about very shortly, even with the next session of the legislature. My long years of experience can be of great service to the schools of Milam County when these changes are made and I have always felt that the welfare of the children is the paramount issue when we consider changes. In all that we do, think or plan, let us keep the children's welfare uppermost in our minds.

Upon the basis of our accomplishments and our fitness for leadership in regard to the problems of tomorrow, I ask you to allow me to serve another term in my present position. I assure you that every vote given me and every effort made in my interest will be greatly appreciated.

Progressive Farmer

Tells Of Milam

Inland Waterway

River transportation in Milam County is recalled in the article "River Navigation in Texas" in the March issue of The Progressive Farmer magazine.

Port Sullivan, which was located in present Milam County, was the farthest inland port on the Brazos during the days when the river was used as an inland waterway.

Nashville, formerly on the Little River, was visited on one occasion by a riverboat. In the winter of 1850-51, the steamboat "Washington", with Captain Basil M. Hatfield in command, landed at its wharves with a shipment of merchandise for J. W. McCown and Company, merchants at Cameron.

Citizens National
Ups Capital Total

The Citizens National Bank has increased its capital structure to \$750,000, according to bank officials.

Shareholders voted to increase the bank's surplus account by \$150,000 to bring the bank surplus account to a total of \$650,000. The bank has \$100,000 in capital stock. Total of the bank's surplus account and capital stock is \$750,000.

Shareholders also re-elected in the recent meeting Directors Oxsheer Smith, W. O. Newton, Niley Smith, Frank Monroe and Hilliard S. Thomas.

Bank officers also were re-elected. They are: Oxsheer Smith, president; W. O. Newton, executive vice president; Frank Monroe, vice president; Niley Smith, vice president; Hilliard S. Thomas, vice president; Alvin Nolte, vice president; S. H. McDermott, assistant vice president; Ladis Marek, cashier; and John Davis, assistant cashier.

Added to the roster of bank officers was Ladis Marek, Jr., as assistant cashier.

Officials said the bank's strengthened capital position reflects the growth due to support of its customers and friends.

Announces For
County Clerk

I wish to announce my candidacy for re-election to the office of County Clerk of Milam County, Texas.

While serving in this capacity, I have tried very hard to give you an honest, efficient and courteous administration. Most of my life has been lived among you; therefore, you know my record as County Clerk and also as a man. Due to circumstances over which I have no control, I will not be able to make an active campaign. If I do not get to see you personally, please consider this my plea for your vote and support.

Again assuring you as long as I am your County Clerk, you will continue to have an honest, efficient and courteous administration.

John D. Yoakum

Named Registrar

John D. Yoakum, Milam Postmaster, has been appointed Registrar of the Selective Service System in Milam County. Local Board personnel said today.

Yoakum is a veteran of World War II, a member of the American Legion and Veteran of Foreign Wars. He has been a Milam County resident for 38 years.

Lon Peebles has been registrar for the Milam area for many years. Milam young men may now report to either Peebles or Yoakum for registration.

"Registrars are a very important part of our organization," says August G. Kunz, chairman, "and especially those in the communities in our area, since registrants may report directly to these men, right in their own community, without having to make a special trip to Cameron for the purpose of registering."

CYO

Cameron Youths
Will Receive
Trophy Sunday

The Cameron Catholic Youth Organization boys and girls volleyball teams will each receive a trophy at a CYO district meeting in Cameron Sunday.

Teams in the CYO district competing for the trophy have been Bryan, Dime Box, Brenham, Marek and Cyclone.

The CYO meeting will begin at 2 p.m. at Simon-George Hall. A business session will open the meeting followed by a dinner at 6 p.m. and a dance at 7 p.m.

The dinner for CYO members is being arranged by fathers of the group. Kathryn Mikula is in charge of dance arrangements. Gaylon Christi and his band will play for the dance.

Representatives from Bryan, Dime Box, Brenham, Marek, Cyclone, and Cameron are expected to attend.

Tom Collins, sophomore student of Baylor University, spent the weekend in Denton as guest of Mr. and Mrs. S. M. Layfield, former Cameron residents.

Miss Sara Jane Pratt of Milano has enrolled at Mary Hardin-Baylor for the spring semester. The daughter of Mr. and Mrs. David Pratt of Milano, she is a freshman pre-medical major.

Other registrars are Walter G. Marek, Burlington; Norman Clement, Thorndale; Floyd Stark, Buckholts and Roy Leonard Allen, Rockdale.

Milam County's uncompensated personnel total 18.

Yoakum advises that he will be available for registration purposes at the Milam Post Office during regular office hours.
